SEABA

The Southeastern Association for Behavior Analysis, founded in 1984, is a regional scholarly organization and an affiliate of the Association for Behavior Analysis. It exists primarily to promote scholarly interchange in behavior analysis through its annual convention. Membership is open to anyone with a scholarly interest in Behavior Analysis.

OFFICERS

President:

David Schaal

West Virginia University

President-elect:

Christine Hughes

University of North Carolina - Wilmington

Past President:

Gregory Galbicka

Aventis Pharmaceuticals

Secretary:

Dean C. Williams

University of Kansas

Treasurer:

P. Scott Lawrence

University of North Carolina - Greensboro

Program Chair:

Sherry L. Serdikoff

James Madison University

SPECIAL THANKS TO

Webmaster:

Tom Critchfield

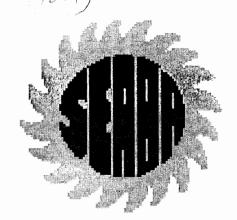

Illinois State University

Registration

Kelly Badger, Allyson Connell, & Martina Pavlicek

Assistants:

James Madison University

17th Annual Meeting

of the

Southeastern Association For Behavior Analysis

Chattanooga Choo Choo Holiday Inn

Chattanooga, TN

October 26-28, 2000

SEABA is a Regional Affiliate of the Association for Behavior Analysis

Thursday, October 26 - Suite 1008

6:00 - 10:00 p.m. - Registration

8:00 p.m. - Midnight - Social with Cash Bar

Friday, October 27 - Finley Lecture Hall & Galleries

8:00 a.m. Registration: Coffee and Pastries

8:45 a.m. Opening Remarks President Dave Schaal, West Virginia University

9:00 a.m. Assessment and Treatment of Pediatric Feeding Disorders Cathleen C. Piazza, Marcus Institute Chair: Lori Murray, West Virginia University

10:00 a.m. Behavioral mechanisms of drug action: How will I know one

Ray Pitts, University of North Carolina-Wilmington Chair: Heather Bell, University of North Carolina-Wilmington

11:00 a.m. Break

11:15 a.m. Some thoughts on the relation between behavior analysis and Jay Moore, University of Wisconsin-Milwaukee

Chair: Ruth Hurst, University of North Carolina-Greensboro

12:15 p.m. Lunch

1:45 p.m. Drug Discrimination in Humans: Advantages, Individual Differences, and Effects of Behavioral History Craig R. Rush, University of Kentucky Medical School

Chair: Adam Doughty, West Virginia University

2:45 p.m. Animal cognition: Commerce with the Devil or valuable

heuristic tool?

Thomas R. Zentall, University of Kentucky

Chair: Kathy Stewart, University of Kansas

3:45 p.m. **Break**

4:00 p.m. A quantitative analysis of repetitive behavior disorders

Jennifer Zarcone, University of Kansas

Chair: Shannon Haag, West Virginia University

5:00 p.m. Business Meeting

8:00 p.m. - Midnight - Poster Session & Social with Cash Bar

Poster Presentations

1. Relative impact of gains and losses on human choice: Evidence from three procedures

Thomas S. Critchfield (Illinois State University), Scott D. Lane (University of Texas Health Sciences Center), Brandon D'Arcangelo and Beth Evans(Illinois State University)

- 2. Human Groups Conform to the Matching Law (the Ideal Free Distribution) Gregory Madden, Blaine Peden, and Tetsuo Yamaguchi
- 3. Essential Readings For Students In Behavior Analysis: A Survey Of The **JEAB And JABA Board Of Editors**

1 Bryan K. Saville, Scott Beal, and William Buskist (Auburn University)

11 4. Effects of a Negative Punishment Contingency on Cocaine-Maintained Responding by Rhesus Monkeys

Drake Morgan & Michael A. Nader (Wake Forest University School of Medicine)

12 5. Evaluation of Miller's Comparator Hypothesis C. Phillip Powell, Ben Zimmerman, Carrie Kirk, and William Palya (Jacksonville State University)

- 6. The Effects of d-Amphetamine on Temporally Organized Behavior Todd W. Knealing and David W. Schaal (West Virginia University)
- 7. Effects of Midazolam on Retention Using the Morris Swim Task Heather N. Bell (University of North Carolina - Wilmington)

32. An Analysis of Response-Sequence Difficulty in a Repeated-Acquisition Procedure

K.A. Jarema and R.C. MacPhail (Neurotoxicology Division, NHEERL, U.S. EPA)

33. The Effects of Budget Manipulations on Human Risky Choice in Situations of Loss

Matthew Locey (University of Florida)

34. The role of an operant context in the effects of cocaine on locomotor behavior

Jonathan W. Pinkston and Marc N. Branch (University of Florida)

35. The Influence of a Dopamine Agonist on Attentional Set Shifting in the Pigeon

S.J. Goldie, M.T. Martin-Iverson and C.D.L. Wynne (University of Western Australia)

36. Discrimination Learning in two species of Marsupial

K.R. Bonney and C.D.L. Wynne (University of Western Australia)

37. Effects of Cocaine on Fixed-Ratio Performance using a Variable-Dosing Procedure

Michelle L. Miller and Marc N. Branch (University of Florida)

38. A Developmental Analysis of the Acquisition of Conditional Discriminations

Holly Schomer, Therese Bartholomew, Tracy Pena, Robyn Harris, Heidi Morgan, Wendi Bauman, Josh Cordor, Mark Galizio, and Carol Pilgrim (University of North Carolina – Wilmington)

39. Olfactory Discrimination and Functional Stimulus Classes in Rats

Brendan Curl, Laurence Miller, Diane Nelson, Tracy Pena, John Wagner, Julian Keith, Raymond Pitts, and Mark Galizio (University of North Carolina – Wilmington)

40. Typicality Effects in Generalized Equivalence Classes

Tracy Pena, Therese Bartholomew, Robyn Harris, Heidi Morgan, Carol Pilgrim and Mark Galizio (University of North Carolina – Wilmington)

41. Spatial imperatives in the discrimination learning of pigeons

Daniel T. Cerutti (Duke University), Mattison T. Ward, and Danielle M. Carroll (Davidson College)

42. Sequential Dynamics in Adjusting Concurrent-chains

Daniel T. Cerutti, and John E. R. Staddon (Duke University)

- 43. Self-Control in Cocaine Self-Administration by Rhesus Monkeys
 Karen G. Anderson & William L. Woolverton (University of Mississippi
 Medical Center)
- 44. Presentation of augmented prenatal visual stimulation through the egg shell alters postnatal visual responsiveness in bobwhite quail chicks (colinius virginianus)

R.J. Maxwell and R.M. Carlsen (Averett College)

45. Source of Stimulus Control Over Depressive Mood Reports in Deaf Subjects

Julianne Gold Brunson & P. Scott Lawrence (University of North Carolina - Greensboro)

Saturday, October 28 - Finley Lecture Hall & Galleries

8:30 a.m. Coffee and Pastries

9:00 a.m. Order, order! Where is it, really?

Susan M. Schneider, West Virginia University

Chair: Chad Galuska, West Virginia University

10:00 a.m. Clinical Applications of Behavior Analysis, Functional Analysis, and Solution-Focused Therapy: Some Common

Ground and Some Areas for Improvement

Theodore A. Hoch, Northern Virginia Training Center
Chair: Holly Schomer, University of North Carolina-Wilmington

11:00 a.m. Break

11:15 a.m. Killing at close range: Some questions and a few answers John A. Nevin, University of New Hampshire

Chair: Kelly Banna, Auburn University

12:15 - 12:30 p.m. Closing Ceremony
